DOMINIC **PEREZ**

Kansas City, MO · 816-813-3018

dperez20002@outlook.com · Dominic Perez

My name is Dominic Perez I am a Full Stack Web Developer, I like coding with React, if possible I would like to work with it in my career but I am also open to other things such as C#, or MVC Applications.

EXPERIENCE

6-19 – 11-19

CUSTOMER SERVICE REP, DOMINOS

I answered the phones, took orders, checked customers out, and helped with everything related to customer service. I also made pizzas and other food options and boxed them. I would prep different dishes and restock anything that needed it. If I worked the night shift I helped clean the store.

11-19 – 2-20

DIETARY AIDE, HEALTHCARE RESORT OF LEAWOOD

I worked in one of the two kitchens on either ends of the building and made sure everything was clean as well as prepping for one or two meals of the day depending on the shift. Our chef would bring the food down to the kitchen and I would serve the residents and clean up after they were finished. I would then restock and prep some things for the next persons shift.

EDUCATION

09 21

FULL STACK WEB DEVELOPER, CENTRIQ

At Centriq I learned multiple languages such as HTML 5, CSS, MVC, SQL, and React. I made projects that incorporates these languages as well.

SKILLS

- HTML/CSS
